

# Summer School Program 2017-2018

## Leonardtwn High School

Tel. 301-475-0200, Ext. 27120

### *Purpose*

**LHS APEX Summer School Program** provides an opportunity for students to complete courses previously failed at LHS through a blended learning format. To be eligible for credit recovery, students must have earned an F for a course's final grade for the school year (with an overall average grade between 45% – 59%). Students who earn below a 45% average are not eligible to enroll in credit recovery. Students may take up to two courses, but it is strongly recommended that students enroll and work on one course at a time. Upon successful completion of the course, a grade of 59.5% will replace the grade originally earned and will be transferred to the student's transcript. Note that the summer school grades **do not replace** the transcript grade which the student received during the school year. **Participation in the summer school program also DOES NOT change a student's fourth marking period GPA; therefore, eligibility for fall sports does not change through participation in summer school.**

### *Registration*

Students are only eligible to participate in the courses identified and approved at the bottom of this registration form. Registration will be held from **Monday, June 4th through Wednesday, June 20<sup>th</sup>**. All signed forms must be turned in to the Guidance department. There is **NO COST** for this program. If you have any questions or concerns about this process, please contact your Guidance Counselor, Mrs. Cline, or Mr. Readyhough.

### *Implementation*

Classes will begin Monday, June 25, 2018 and run Monday—Thursday in room 2D25 until July 26, 2018; the APEX lab will be open from 9:00 a.m. -12:00 p.m. The APEX lab will not be open on Wednesday, July 4, 2018 and Thursday, July 5, 2018. Students must take quizzes and exams at LHS but may otherwise work at home or at the public library. Students will only have 5 weeks to complete the APEX course(s). Attendance is critical to student success. Please understand that the format of this program is primarily an independent study. This means that students will have to do most of the work on their own with very limited instructional support. Students who misbehave during lab time at LHS will be removed from the program. **All students enrolled in the Summer School APEX program must attend the mandatory orientation session on Monday, June 25, 2018 at 9:00 a.m. in the LHS APEX lab, room 2D25.**

#### **COURSES OFFERED:**

English 9, 10, 11, 12

Algebra 1, Algebra 2, Algebra 3, Calculus, Finite Math, Foundations of Algebra, Geometry, Intermediate Algebra, Practical Math, Pre-Calculus
