

Middle School Families,

Additional supplies will need to be purchased for the upcoming school year.

This year the middle school team is offering students three different options to help them organize their notes and worksheets for core subjects. Each option is outlined below. The attached video explains each organizational system in more depth and outlines the pros and cons of each system. Please share the video with your child so that you can together decide which of the three systems will help them be most successful.

You will only need to purchase the materials for **ONE** of the three organizational systems.

Option 1 - Case-it System

-Case-it

-5 tab dividers (labeled with subjects: ELA, math, science, social studies, world language)

-Lined paper in each section

Option 2 - Binder System

-5 1-inch binders w/ inside pockets (each labeled with a subject: ELA, math, science, social studies, world language)

-Lined paper in each binder

Option 3 - Folder System

-5 prong/pocket folders (colors: red, purple, yellow, blue, green)

-5 composition books or spiral notebooks (colors: red, purple, yellow, blue, green)
