| • Calendar vote goes to the Board of Education (BOE) tomorrow.  
  • Current proposal has June 10th as the last day.  
  • Board meeting last week (4-1 vote) to move categorical changes except paying the audit (this was the alliance’s choice).  
  • 1.5 hour session went well.  
  • Questions included – how the school differs from the alliance. The BOE is struggling with what is allowed with respect to the PPA budget.  
  • Need to do a lot of education for folks not associated with the school |
| Amendments required to the charter/ Funding | |
| • Buying the building – needs to be an addendum to the charter.  
  • Weighting the lottery  
  • On the agenda for June 22nd now  
  • Not reopening the whole charter for review just those 2 items.  
  • Talked with the alliance attorney with respect to weighting the lottery.  
  • Working on the change for the required audit, so that it can be put into the budget as a future line item.  
  • Talking to the County Commissioners on April 19th to get final approval for categorical transfers. |
• Still working carryover issues. All Baltimore schools maintain a carry over. Everyone is in agreement that we can have a carryover, but still need to get everything officially in writing.
• Leave money that was planned for audit in the Special Education budget.
• Hope to get permission to move and then put out he information for accountant requirement.
• Hopefully will be a fund balance because we will need less money than we expected (We expected to have accountant in April and now not expected before June).
• If commissioners approve we will proceed with:
  o Accountant
  o Reimburse 80% of school side snow
  o Reimburse renovations complete to date
  o Alliance would have to invoice the school
  o New gym lights and new PA system and other maintenance repairs
  o Once change complete – should receive back from school around $34,000. Need to get the money for Ritter.

Charter Study
• Participating in a study related to funding of public and charter schools. This will look at funding and expenditures comparison. Will be getting request for information soon and data working group in June.

Assessment Point 9 – Arts and the Environment
• Still working sign for building – sealant needs to be completed
• Not going to hang on the building as originally thought until renovations are complete.
• Standards based on arts integration and our mission
• Look closely at the environmental pieces and work the process across K-8 and everyone will see how it’s working in the building.
• Artist in residence: Puppet guy coming back
• Working part time art teacher for growing classes next year
• Application to renew green school status (5 year recertification)
  o Hope to be grandfathered after that.
  o Kids representing in May at the green school summit.

Chair:
• So far there have been no applications for community member.
• There is a potential for one of the PAE members to be interested.
- There have been applications for parent position and the board positions.
- Cutoff dates: (Parent – this Friday, Term Applications (May 1st), Community Member (May 1st))
