

CPCS FALL TOWN HALL

Dear CPCS Families,

Thank you so much to everyone who attended our Fall Town Hall. Having town hall meetings is actually a requirement of our Charter, and it is one of the things that makes our charter school unique. We are required to work toward full "community" participation in our school, and that means involving all of CPCS's stakeholders-- school staff, parents, students, and community members. I am happy to say that this year's Fall Town Hall meeting did just that! We had a record number of families, staff, and community members attending thanks to the amazing organization and outreach by this year's Community Committee. It was a wonderful, informative, and participatory evening.

For anyone who was unable to attend, [here is the slideshow](#) that was shared that evening after the ribbon cutting for our new space. After the presentation by Ms. Funya and myself, we broke into "mock" committee meetings so that attendees could get a sense of what it is like to participate on a committee. It was great fun! If you were unable to attend, but would like to serve on the Facilities, Community, Public Relations and Outreach, Fundraising, or Whole Child Committee, please email me at jwrennheisler@gmail.com, and I will make sure your contact information gets passed on to the appropriate committee chair. Committee descriptions are at the end of the slideshow.

Cheers, everyone!
