Student Services Handbook Presentations

I had the opportunity to meet with PK-2 students in their classrooms and facilitate 3rd, 4th, and 5th grade assemblies on the student handbook. Students reviewed the school expectations, had the opportunity to ask questions, and demonstrated their understanding of important concepts. I also shared with students the

role of the school counselor and how individuals can request to meet with her.

Please feel free to visit our school website to view the presentation. To access the handbook in its entirety, please visit <https://www.smcps.org/ss/student-handbooks>
