2021-2022 School Supply List

With this being our first “normal” year with one-to-one laptops, we have not developed a traditional school supply list. We certainly do not want families to buy things that go unused. We will continue using Schoology; however, your teachers may request that you have specific supplies for their class. So, before shopping for your school supplies, wait until the first day of school to hear directly from your teachers which items, if any, you will need. Below is a list of basic supplies you may wish to purchase.
