

THE OTTER NEWS

Oakville Elementary Home Bulletin

September 2018

Principal's Message

The new school year is underway and the children are doing a great job settling into their classrooms! It was a pleasure seeing so many of you at Open House and seeing the children's excitement. The staff is also excited that a new school year has begun, and we are looking forward to the challenge of making it a wonderful experience for your children. Our students are the focus of the Oakville Elementary staff. We will strive to seek ways to improve, create a nurturing environment, and set high standards for academic achievement. A positive partnership between home and school is so important towards student success. We will do our best to communicate with you to help foster this partnership. Our vision for Oakville is "one community committed to the learning and safety for all children". We hope you share this vision with us.

To stay informed, please visit the Oakville Elementary website as well as refer to the home bulletin which will be coming home each month with upcoming events. The St. Mary's County Public School Student Handbook and Code of Conduct is accessible on line this year for additional procedural information as well. It can be accessed through our website under Quick Links. On a personal note, thank you for your support as we get a new school year off the ground! Oakville is truly a great place to be!

Welcome back!

Kathryn M. Miluski
